8. BRIEF SCHEME OF THE LAW

(1) Computation of total income

- (a) "Previous year" is the financial year (1st April to the following 31st March) during which the income in question has been earned. "Assessment Year" is the financial year immediately following the previous year.
- (b) Tax is chargeable on what is called 'total income'; it has a definite technical meaning.
- (c) Total income is to be computed as follows, in the following order:
 - (i) Classify all items of income under the following **heads of income**: (A) "Income from house property"; (B) "Profits and gains of business or profession"; (C) "Capital gains"; and (D) "Income from other sources". (There may be no income under one or more of these heads of income).
 - (ii) Compute taxable income of the current year (i.e., the previous year) under each head of income separately in the Schedules which have been structured so as to help you in making these computations. The headwise computation in the Schedules has been devised on the basis of actual income earned in the commercial sense as against computation as per statutory provisions applicable in case of other categories of taxpayers.
 - (iii) Set off current year's headwise loss(es) against current year's headwise income(s) as per procedures prescribed by the law. A separate Schedule is provided for such set-off.
 - (iv) Aggregate the headwise end-results as available after (iii) above; this will give you "gross income".
 - (v) Deduct from the gross income, amounts exempt under sections 10 and 11, to arrive at gross total income.
 - (vi) From gross total income, subtract, as per procedures prescribed by the law, "deductions" mentioned in Chapter VIA of the Income-tax Act. The result will be the total income. Besides, calculate agricultural income for rate purposes.

(2) Computation of income-tax, surcharge, education cess and interest in respect of income chargeable to tax

- (a) Compute income-tax payable on the total income after allowing rebate, if applicable. Special rates of tax are applicable to some *specified* items. Include agricultural income, as prescribed, for rate purposes, in the tax computation procedure.
- (b) Add surcharge as prescribed by the law on the above tax payable (after rebate).
- (c) Add Education Cess including secondary and higher education cess as prescribed on tax payable (after rebate) plus surcharge.
- (d) Add interest payable as prescribed by the law to reach total tax, surcharge and interest payable.
- (e) Deduct the amount of prepaid taxes, if any, like "tax deducted at source", "tax collected at source", "advance-tax" and "self-assessment-tax". The result will be the tax payable (or refundable).

(3) Computation of fringe benefits and income-tax, surcharge, education cess including secondary and higher education cess and interest in respect of fringe benefits chargeable to tax

- (a) Chapter XII-H (sections 115W to 115WL) of the Act relates to income-tax on fringe benefits paid or deemed to have been paid by an employer to his employees. Thus, an employer has to furnish the return of fringe benefits for the assessment year 2009-10.
- (b) Proviso to clause (a) of section 115W provides that following persons shall not be deemed to be an employer for the purposes of above- mentioned Chapter-
 - (i) any person eligible for exemption under clause (23C) of section 10; or
 - (ii) any person registered under section 12AA; or
 - (iii) a political party registered under section 29A of the Representation of the People Act, 1951;

Thus, above-mentioned persons not being liable to fringe benefit tax are not required to fill the details relating to fringe benefit tax in this Form.

- (c) Section 115WB provides the list of fringe benefits provided or deemed to have been provided by an employer to his employees which are chargeable to tax. Section 115WC provides as to how to compute the value of the fringe benefits provided or deemed to have been provided.
- (d) Additional income-tax (fringe benefit tax) is required to be paid by every specified employer at the rate of thirty per cent on the value of such fringe benefits. Surcharge and Education Cess including secondary and higher education cess at specified rates are also to be paid on fringe benefit tax(FBT). FBT is payable by an employer even if no income-tax is payable by him on his total income
- (e) A company eligible for exemption under clause 10(23C) or registered under section 12AA) is not liable to pay FBT.
- (f) The Central Board of Direct Taxes has issued an exhaustive circular No. 8 / 2005 dated 29.8.2005 explaining the provisions relating to fringe benefit tax. In case of any doubt, the assessees may refer to the said circular.
- (g) The explanatory circular (No. 9 dated 20.12.2007) on Fringe Benefit Tax arising on allotment or transfer of specified securities or sweat equity shares may also be referred to, if applicable, while working out the value of fringe benefits
